Overthorpe C of E Academy

Where Do We Include "Rule of Law" in our Curriculum?

Our Behaviour for Learning policies and systems are fair and consistent. Pupils know them well and follow our school rules.

Incidents of poor behaviour are addressed and recorded.

Staff have taken part in recent "Restorative Practice" training

Pupil Surveys show that children know that their actions result in consequences. They know our behaviour system well and work hard to follow our rules.

We use Pol-Ed and West Yorkshire Police resources in our curriculum

Our Parent Surveys and Ofsted Parent View state that children behave well at our school.

Our PHSE curriculum and RSE curriculum teach children about safety, risk and actions / consequences.

UKS2 watched a play called "Bobby's Gang" about anti-social behaviour and knife crime. They completed follow up work afterwards and discussed issues in circle times.

Classes develop their own class codes of conduct on our first transition days, which are agreed and revisited throughout the year.

Staff and pupils follow the codes of conducts well and are aware that their actions lead to consequences.

This is discussed regularly in circle times.

We use Zones of Regulation to help us to identify our feelings and to help us to behave well.

TRUST • FRIENDSHIP • ENDURANCE • FORGIVENESS • HOPE
